*'You're almost too big for this now...'*

*'Mum, everyone has seen your muscles'*

## ★ FELINE FINE

Pink and daughter Willow are all smiles as they leave their New York hotel – even though the four-year-old's totally outdoing her punk-chic mum in combat boots and cat-print tights.

*'So is Jon Snow really dead?'*

*'Even my T-shirt's dancing like no-one's watching'*

**★ SUPERSTAR DJ**

Ansel Elgort is taking the name of his film *Divergent* literally and branching out! Here he's donning his muso hat and hitting the decks as DJ Ansoolo at New York's Best Buy Theater.

*'I told you to stop calling me, Tom'*

**★ PHONING IT IN**

Tom Hardy and *Game Of Thrones* star Emilia Clarke haven't swapped their day jobs for call-centre gigs – they're just doing their bit to raise money for various good causes at the annual BGC Charity Day in London.

*'I've always been a big fan of sole music'*

**★ LOVELY LADY PUMPS**

Can she kick it? Of course she can! Fergie getting a leg up while launching her latest shoe collection at Nordstrom in LA.

# ★HOT★ ★SPORTS★

*'Like I'd ever stop  
at first base!'*

## ★HOT BATTER

She made her name posing nude for *Playboy* and getting it on with Hugh Hefner, so we probably shouldn't be too surprised that Kendra Wilkinson's going, um, "Ballz Deep" playing softball in LA...

## ★IT'S ALL ABOUT SHIA

There's only room for one star in this fan selfie - and that spot belongs to Shia LaBeouf! He and his ego edge out *Man Down* co-star Kate Mara, who's looking a little left out at the flick's Toronto premiere.

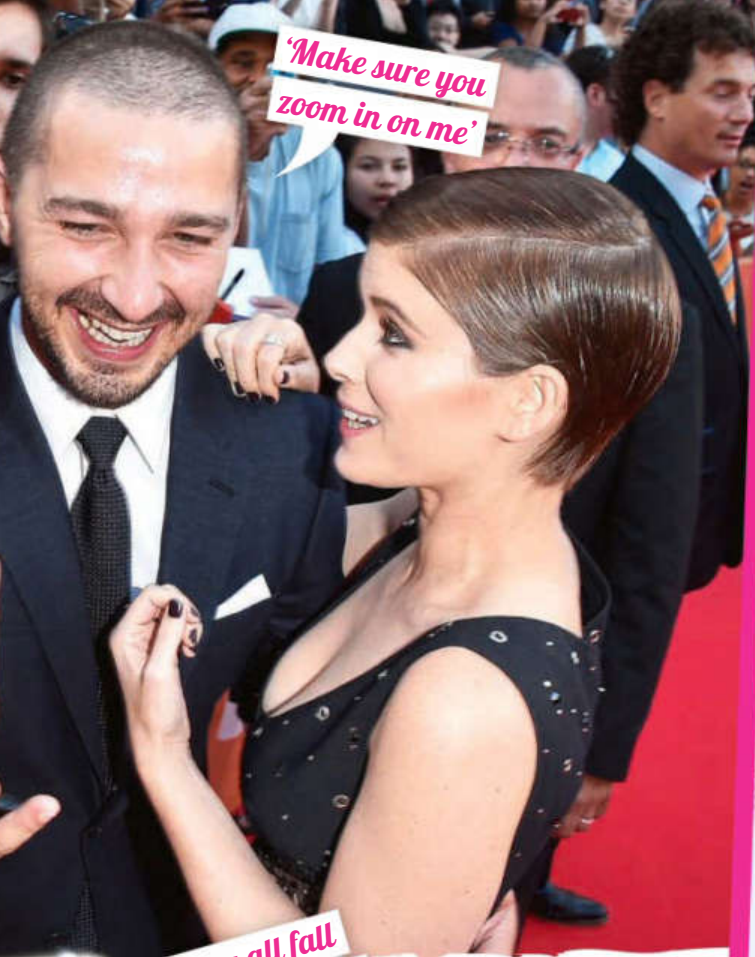

*'Sorry about that, girls  
- silent but deadly'*

## ★SMELL OF SUCCESS

It might look like these ladies are subtly hinting that Cristiano Ronaldo's a bit stinky, but they're actually helping the soccer stud launch his debut fragrance *Legacy* in Madrid.

'Make sure you zoom in on me'

'They all fall under my spell'

**PUCKERING UP**  
No air kisses here – just plenty of schmoozing! Lea Michele's face lights up with glee as she reunites with former Glee co-star Jonathan Groff in New York.

'This lucky lady is coming home with me tonight'

**JUMPING FOR JOY**  
Ah, so this is how US Dancing With The Stars talent Derek Hough reacts to winning the Creative Arts Emmy Award for Outstanding Choreography in LA – with grace and modesty...

'Can someone please turn the gravity back on?'

'I've got an opening for a back-up dancer. You interested?'

This week's  
**OMG**

'Schumer what you've got!'

'Can you see my trainwreck from there?'

Get into the groove, Madge!

## When Madonna met Amy...

Wanna be in Madonna's squad? Well, you've gotta be willing to get your butt kicked first – literally! Funnywoman Amy Schumer felt the sharp end of Madge's shoe after twerking for the music veteran on stage at Madison Square Garden in New York last week. And by the looks of things, Her Madgesty enjoyed their kinky sesh as much as Amy did, later tweeting, "Love you Amy! B\*tch you ARE IN My gang! Thank. You!!" Er, yeah, we think we'll pass...

## What happens at Fashion Week...

...doesn't stay at Fashion Week! So when NW's senior beauty editor Laura flew to New York for the biggest event on the US style calendar, we wanted to know everything.

And let's just say she didn't disappoint. Laura came face-to-face with Kardashians ("Khloe's waist-to-butt ratio is exactly how it looks in pics. It's crazy!"), was ushered out of the way for Posh and Becks ("Like father, like son – Brooklyn has major charisma!") and was in awe of Jessica Alba ("So down-to-earth – no entourage").

And what about the models? Surely they're all starving and snappy. Nope! "Karlie Kloss was super smiley and sweet. You can see why she and Tay are besties. Lily Aldridge was also really fun and lovely."

As for It-girls of the season Gigi and Bella Hadid, Laura's got just two words: "Massive. Babes."

See all the pics on page 46.

Enjoy the issue!

# Kim takes TO COURT

Greed rears its ugly head and threatens to tear the competitive siblings apart

**K**im Kardashian used to love being compared to her kopycat sister Kylie Jenner – insisting, “She’s my little twin soul” – but it seems she’s had a change of heart!

Now that her much-younger doppelganger is landing endorsement deals, appearance fees and even her own cosmetics line, Kim’s so jealous she’s suing Kylie for stealing her look – and she’s demanding at least 30 per cent of her earnings!

And with experts claiming the 18-year-old will be worth a hot \$70 million within the next decade, that’s no small sum.

“[Kim’s] had her attorney draft papers,” an insider tells *Life & Style* mag. “Kylie is essentially

using her likeness without her permission – so Kim has no problem suing her.”

No wonder, given her recent legal winning streak. Last month, Kim and hubby Kanye West were awarded \$612,000 after their engagement video was leaked online.

What’s more, back in March, Kim took down another sister, 36-year-old Kourtney, who had her lawyers fire off a cease-and-desist letter when Kimmy, 34, used her as a character in the gaming app *Kim Kardashian: Hollywood* without permission.

Kim hit back, insisting, “I bought her a f\*\*king career!” and Kourt eventually backed down, but Kylie refuses to admit defeat, especially after the blow-up they had at mumager

## Kylie’s taking over

It’s as though Kim is being cloned – and beaten at her own game!

- When the sisters released their official apps last week, Kylie’s flew to number one on the iTunes charts, whereas Kim’s hung back at number seven.
- Kylie’s risque looks made headlines at New York Fashion Week and won over fashion giants like Vera Wang
- Kim once said, “At 10 years old, [Kylie] would say to me, ‘How come my lips aren’t big like you guys?’” But since confessing to “temporary lip fillers”, Kylie’s stealing her look and her gig!

# n sister s Kylie COURT!

Kris Jenner's house recently.

"Kim tried to explain that giving her a percentage was only right since Kylie's fame and fortune were because of her," adds the insider.

"[Kylie] shot back, 'That's never going to happen. You're just a greedy bitch who's never satisfied no matter how many millions you have.'"

Yikes! For Kris's part, we're told she's torn between backing her long-time moneymaker Kim and Kylie, the future of the clan.

But the teen can count on her other siblings Kourt, Khloe, 31, and Kendall, 19, for support. Not that Kim gives two hoots.

"There's the Kim Kardashian brand and the Kardashian brand," says Kimmy. "They blend together, but I have different qualities."

And nobody's going to steal them — right, Kim? ■

## KYLIE TAKES NEW YORK!

With Kylie solidifying her role as the clan's new star, it's no surprise brother-in-law Kanye chose her to walk for his Yeezy Season 2 runway show at Fashion Week. Meanwhile, poor Kendall was sitting in the second row! Ouch! Demoted much?

## Kenny's over it, too!

Kim's not the only one who's narky at Kylie! As a professional model, NYFW is Kendall's time to shine, but Kylie stole her thunder by pulling out all the style stops and courting publicity all over town. As if that wasn't enough, Kylie went on to steal more of the limelight when she was seen publicly pushing her boyfriend Tyga, 25, at the party for her *Galore* magazine cover at Manhattan's Up&Down nightclub. But Kylie really muscled in on Kendall's turf when it was revealed she was Vera Wang's new style muse — while poor Kenny missed out on walking at the designer's show altogether!

Flirt-fest or fashion show?  
Rita and Tyga look totes cosy  
at NYFW on September 14

# Rita gets her cl into T

Kylie better watch out – the singer's after her man!

**T**he atmosphere between Rita Ora and Kylie Jenner in the front row at Vera Wang's show during New York Fashion Week was colder than Anna Wintour's steely gaze. And it's hardly surprising, given the sneaky singer's been putting the moves on Kylie's boyfriend Tyga!

Just the day before, notorious maneater Rita raised more than a few fashionable eyebrows when she was seen getting cosy with the 25-year-old rapper at Jeremy Scott's show.

In fact, the 24-year-old Brit even made a point to brush her knee against his.

"She was in this Jeremy Scott for Moschino jacket but wasn't wearing anything underneath it – only a bra," noted an onlooker. "As she sat giggling next to Tyga, she was giving him an eyeful of her cleavage!"

But then bad blood's been brewing between the sisters and Rita ever since the pop star broke their brother Rob's heart.

It's believed she was to blame for his subsequent 46kg

## THAT AWKWARD MOMENT...

Perhaps knowing full well that Kylie would be in attendance, Rita rocked a more demure look at the Vera Wang show. Even with *Empire* star Serayah McNeill as the buffer between the babes, things were frosty as hell in the front row.

# WS Tyga!

weight gain, after she allegedly did the dirty on him in 2012.

"She cheated on me with nearly 20 dudes while we were together, I wonder how many she will sleep with now that we apart?" Rob, now 28, tweeted after their split.

Watch your back, Kylie! ■

## Tygas don't change their stripes!

As if Rita's advances weren't enough! Now Mia Isabella – the transgender model Tyga's said to have sexted for three years – has added to Kylie's woes by talking about her alleged affair with the rapper "[I] allowed him to send me a picture of himself," says Mia. "We became close as friends, and he continued to pursue me."

# Kim 'I hate my skinny sisters!'

Feeling out-hotted by her siblings, Kim's struggling to keep up!

Fashion Week has long been her time to shine, but six-months-pregnant Kim Kardashian was feeling anything but front-row-ready in New York.

And with her headline-grabbing sisters Kourtney, Khloe, Kendall and Kylie looking hotter than ever, Kim was left seeing red!

Usually confident Kimmy – who admitted in June that her second pregnancy has seen her gain "like, [6.8kg] already" – could barely hide her insecurity at the launch of her and her sisters' new smartphone apps at the city's Apple Store.

Angling herself away from the klan, Kim remained mostly mute for much of the presentation.

Adding salt to the wound is the fact that Kylie's app zipped straight past her sister's gaming app Kim Kardashian: Hollywood to take the number-one spot on the iTunes sales chart!

"Kim is upset," a family friend tells *Heat* magazine.

"Her self-esteem is invested in her looks

and so when she doesn't feel her best, that's going to drag her down."

Adds another source, "She was so mad that she's hating on her sisters to anyone who'll listen!"

But with all four taking their careers to new heights daily, we doubt Kim's frown is will turn upside down any time soon.

### REVENGE IS SERVED

Feeling left out of her sisters' girl gang, Kim got payback when she regrammed a pic of post-NYFW dinner party place cards featuring the names of fashion's big guns. "The Real Family Dinner," the caption read. Ouch!

They had 99 problems,  
now divorce ain't one

After more than a year of speculation that their marriage is kaput, Beyonce and Jay Z brought all the feels last week, acting like loved-up newlyweds as they splashed around on the Italian island of Sardinia with their adorbs three-year-old Blue Ivy. Hardly surprising given we're told they're gearing up to become parents for the second time – and possibly third!

"Bey and Jay have been trying to get pregnant since right after Blue was born," reveals an exclusive insider. "It didn't happen for them naturally, so they started doing IVF, which means the chances of conceiving twins is much higher."

You glow,  
girl!

Blue's chuffed to see her parents looking so loved up!

And babies make five!

# MOON wins?

And with the *Crazy In Love* singer's tummy noticeably growing in the space of two weeks, double the fun looks more than likely for the singer, who admitted in 2013 that she "would like to have more children".

No wonder Bey – who also celebrated her 34th birthday on the trip – couldn't stop grinning as she hit the pool with her family, following it up with a rare PDA with hubby Jay, 45.

Continuing the babymoon and birthday festivities in style, the cashed-up Carter crew kicked back on the \$1.25 million-per-week superyacht *Galactica Star* – the perfect way to celebrate the new additions.

"It's a very happy time for Bey and Jay right now – they've been through hell over the last couple of years," adds our insider. "Now their baby dream is coming true and things could not be better between them."

Woohoo! Congrats, guys! ■

## Curve cover-up!

Try as she might to hide the evidence by wearing loose frocks and covering her tum with a towel, there was no disguising the fact that her belly has doubled in size in recent weeks! Twins will do that to a gal...

Bump ahoy?

Bey seemed in a rush to grab a towel and cover her tum!

# Miley's mum begs her 'GET HER T REHA

The singer's out of control – and her mum Tish is worried sick!

**S**he's always been one of her daughter's biggest cheerleaders, but now even open-minded Tish Cyrus is tearing her hair out over Miley's wild ways.

In fact, the mum-of-five is so worried about her controversial child she's begging two of the singer's exes – Patrick Schwarzenegger, 22, and Liam Hemsworth, 25 – to convince Miley to seek treatment ASAP!

"Tish knows how much Miley loved them," a source tells *Life & Style* magazine. "So she asked Liam and Patrick to call Miley separately and convince her to check into a 30-day program."

"Tish believes that Miley's bizarre behaviour, angry outbursts and bouts of depression are due to drug and alcohol abuse."

Miley continues to document every joint, drink and wild night out on Instagram – and despite a hospital stay last week, she shows no sign of slowing down.

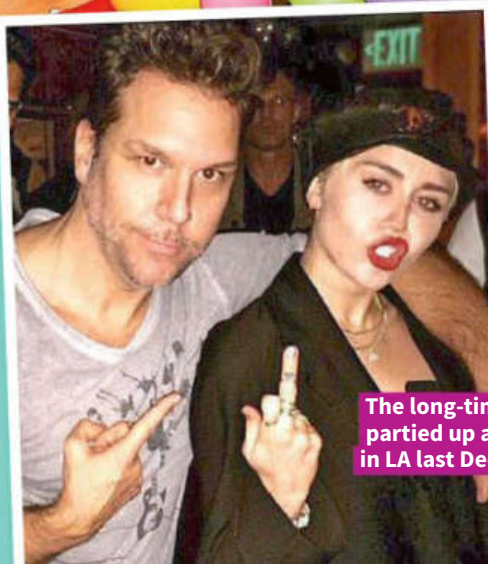

And it's doubtful her well-meaning friends will have much luck persuading the wayward

## Miley's down with Dane!

Tish might have another of her daughter's lovers to call upon, with rumours that Miley's been hooking up with comedian Dane Cook!

But it seems her long-time friend Dane – who she's been spotted clubbing with in the past and whose snap she recently regrammed – was just as shocked by the reports.

"I'm always the last to know," jokes the 43-year-old. "Let Miley know that I'll pick her up for dinner at eight."

The long-time pals partied up a storm in LA last December

Tish believes Miley's bizarre behaviour is 'due to drug and alcohol abuse', says the source

star to get help – no matter how desperately she needs it.

Indeed, her late-night benders – which see her living on little more than booze and pot – have left her looking gaunt.

Depriving her body of food is nothing new for the 22-year-old. In 2012, she tweeted "thinking about eating Ziggy's dog food I'm so hungry".

On her 19th birthday, she said on video, "You know you're a stoner when your friends make you a Bob Marley cake. You know you smoke way too much f\*cking weed!"

**'SHE KNOWS HOW MUCH MILEY LOVED THEM'**

And now it seems Miley is smoking more weed than ever.

Adding to 43-year-old Tish's fears is that Miley may again succumb to depression.

It's a condition the singer has admitted to suffering from before, especially after her split with former fiancé Liam in 2013.

"I was really depressed," Miley said last year. "I locked myself in my room and my dad had to break my door down."

For now, troubled Miley will cope the only way she knows how – with a bottle in one hand and a joint in the other. ■

**Last hope**  
Tish begs Patrick and Liam to talk some sense into Miley before it's too late.

Messy Lily boozing on stage at Bestival on September 12

## HAS LILY LOST IT?

An out-of-control Lily Allen has those close to her worried she's about to lose her career and family.

Not only did the 30-year-old mum-of-two collapse at UK music-fest Glastonbury in July, but on September 12 she was spotted dancing up a semi-dressed storm at the Bestival festival on the Isle of Wight. Now she's split from her management.

"[They] tried hard with Lily, but her attitude was all wrong and her new music isn't up to scratch," says a source. "It seems her default mode is to go wild because it's what she's always done."

Glasto ended badly for Lily on July 4!

## TARA 45KG AND LIVING OFF BOOZE

Hard-partying Tara Reid, 39, has been on and off the wagon since a 2008 rehab stint. But last week, as she guzzled glasses of wine at cafe in LA, the star's skinny frame sparked fresh concerns for her health.

"While an alcoholic can derive 50 to 70 per cent of their daily calories from alcohol, it can suppress the appetite without providing much nutrition," says dietitian Joseph J Mutz, who believes Tara may be suffering from malnutrition due to the booze.

Experts believe Tara weighs as little as 45kg!

# 'We can't wait for our baby!'

The loved-up Bachelor is going to be a dad at last!

**I**t's the big secret they've been keeping for four months, but they can't hide it any longer. *Bachelor* Sam Wood and his chosen one Snezana Markoski are head-over-heels in love!

Now they're finally free to open up about their relationship, you can imagine how excited we were to catch up with the pair to get all the goss on weddings, family plans and *those* baby whispers.

Yep, as *NW* first revealed a few weeks ago, rumours have been swirling that Sam's lucky lady is already pegggers.

But while the loved-up couple aren't quite ready to make an official announcement just yet, a show insider insists it won't be long before they hear the pitter-patter of tiny Bachie feet.

"They're so happy that it's happened this fast," says the source. "It really is a dream come true for Sam."

**Congratulations! We're so happy for you – what was Eve's reaction to her mum winning her favourite show?**

**Snez** Eve is really happy, she loves it. She and Sam get on great. **There's no doubt you've picked the perfect stepdad for her!**

**Snez** He's absolutely amazing, he surpasses any expectations that I ever had. I really couldn't say enough about him.

**Sam** I'll hopefully be someone to look after both of the girls and be a good role model to Eve, but how that develops is entirely up to her. I just want her to know that I'm there for her and we'll see how that develops. The three of us spent a weekend together, which was lovely. She's a very perceptive, mature little girl and she can see that her mum is happy. We're just slowly but surely getting to know each other.

**Does Eve ask if she's going to have a little brother or sister now you're together?**

**Snez** Yes she does! I keep telling her, "Just hang on, we'll just see what happens. Maybe!" That could be something on the horizon. I don't think she'd mind a boy or a girl – either one would be great. She just loves babies, so she'll be a great help.

**Sam** It's definitely something that we've spoken about and something that we want. I'm sure we'll know when the time is right, but we're not planning on waiting for five years, that's for sure! I'm 35 and Snez is nearly 35 so...

**How are you guys going to cope with the distance?**

**Will Sam move to Perth or will Snez and Eve move to Melbourne?**

**Snez** We have been flying back and forth, so we'll see how things go and just take it from there. We would move to Melbourne if it heads down that path – I definitely would do that. There's a lot of things to consider but I'm definitely not ruling it out. Eve will be going to high school soon anyway, so I think she's going to be leaving a lot of her friends either way. For her it's a big adventure, it's an exciting new place, with new friends.

**Sam** I've always said to Snez I can't move from Melbourne tomorrow, but we'll work things out.

At the moment we're just looking forward to getting some quiet time together.

**What would you have done if Sam had proposed to you on the show?**

**Snez** I wouldn't have said yes on the show. I wouldn't have known him for long enough and I think that would be something I would want to happen privately – keep it between us. Good job he didn't – that would have been really awkward! The type of wedding we have really doesn't matter to me as long as we're happy.

**Sam** I'll know when the time is right to propose and we'll just have to wait and see.

**'EVE JUST LOVES BABIES SO SHE'LL BE A GREAT HELP'**

## *Snez's brother speaks out*

### **'This has divided our family'**

It was clear during the family dinner in WA that Snez's little brother Rob, 27, is very protective of his sister and nine-year-old niece Eve. And he tells *NW* that while the family love Sam, "it would be very hard" for them all if the girls moved to Melbourne.

"We're a very close family, we're very tight," he explains.

"If Snez and Eve moved to be with Sam, it would be very sad to have two empty seats at the table."

But he does admit that Sam "seems like

a good guy", adding, "So long as Snez is happy, we would support her move. After all, Melbourne is only the other side of the country."

And would he like a new niece or nephew?

"Of course - kids are great!"

## Snez and Sam's road to love

**Are you going to let Sam keep in contact with any of the girls?**

**Snez** I do keep in contact with a few of the girls from the show like Nina, Krystal, Reshael and Sarah. Sarah's lovely! I'm sure we're not going to have dinner parties, but it's fine if he wants to have a little chat. If it's people like Nina and Sarah, then yeah I would feel comfortable with that.

**And Sam, do you have any regrets about anything you did on the show?**

**Sam** I definitely don't think I handled it perfectly. I watch it back now that I'm madly in love with one of the girls and I'm kissing other girls and I don't like watching that – I'm not going to lie. I'm sure Snez will hate watching that, too. But I've met this incredible girl who I know I'm going to spend the rest of my life with so I don't look back at the experience with regrets. Every time I see Snez it just confirms my decision more and more.

**What have your families said about you getting together?**

**Snez** They're really happy with the outcome. They think he's an amazing guy who is honest and up front – there's no bullshit about him! One of their first questions was whether we will we move away, but I just told them we'll see how it goes. It's only a short flight away – it's not a big deal. We're going to take it week by week for now.

**Sam** They just know that the reason I've chosen her is because I love her and I was never going to choose someone based on how easy it was. It was never about finding the girl who was most convenient, it was about finding the girl I fell in love with and want to spend the rest of my life with and that's what happened.

3

That flour fight was super romantic and they were so cute making pizzas together. We reckon Sam loved discovering Snez's creative cooking skills.

2

The chemistry between them was off the scale and it was clear Sam had already singled Snezana out when they had a naughty pash on the group date.

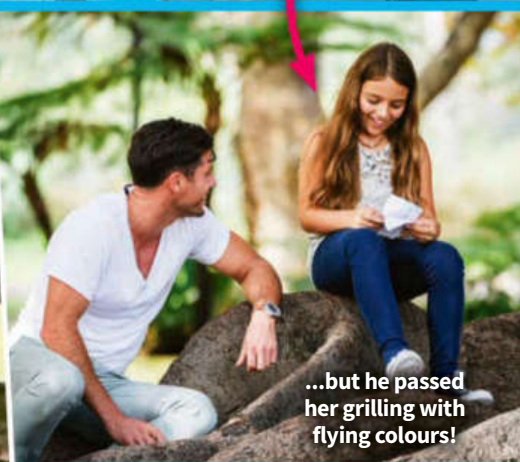

1

Cards on the table! Snezana didn't waste any time telling Sam she had a daughter – and he seemed to love her all the more for it. Aww!

4

Sam says out of everyone on the family dates, he was most nervous about meeting Snez's daughter Eve...

...but he passed her grilling with flying colours!

**Sarah** 'I quit & Sam begged me to stay!'

She was booted in the final rose ceremony, but Sarah's now revealed she was ready to walk weeks before Sam dumped her! Angry that she was placed in the bottom three with Nina and Rachel during the ultimately cancelled rose ceremony, Sarah confronted Sam and told him he shouldn't have left her waiting. "I was really upset and I practically packed my bags to leave," says the 26-year-old. "But he convinced me to stay." And as for the future? "I'm looking forward to people knowing that I'm single now."

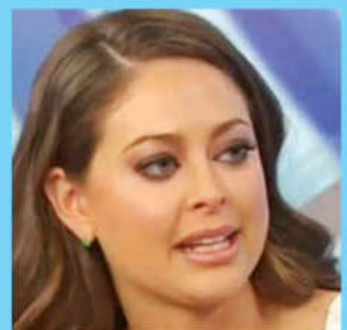

**Lana** 'It was like being stabbed'

Despite Lana only entering the house two thirds of the way through the season, Sam seemed completely smitten with her – so it was understandably heartbreaking when he ditched her at the 11th hour. And it seems the constant claims from fans that she was going to win only made things even harder.

"It was like another twist of the knife," she tells NW. "It hurt."

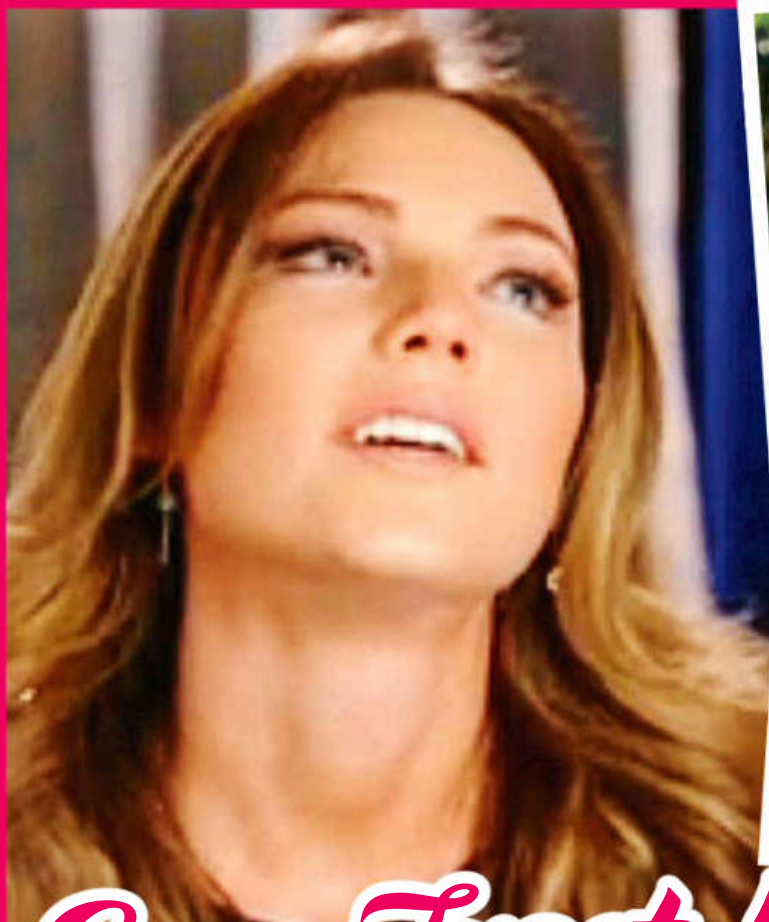

And while Sam has since called Lana to apologise for what went down, the 27-year-old beauty has decided to "definitely take a break" from dating as she heals her broken heart.

But it's going to take a long time before she trusts again. "It was so weird because the night before [the finale] he was saying to me, like, 'Oh we're going to have all of these adventures together' and then we break up and I never see him again," Lana said.

## Meanwhile on *The Bachelorette*...

### All the feels

*Bachelorette* hopeful Sasha says he was dying to give Sam a hug.

# Sam Frost breaks down!

**W**e're all cheering for Sam Frost to meet the love of her life on *The Bachelorette* after the way Blake Garvey humiliated her on *The Bachelor* last year.

And while she comes across as confident and stronger than ever on this week's opening ep, an insider has revealed that Sam, 26, initially found filming incredibly tough because her self-esteem was so low.

"She broke down on the first night after meeting Sasha because she was so overwhelmed about meeting someone she could feel like that about again. Her self-esteem had been so low after Blake she never thought all these great guys would want to date her," says a source.

Indeed, on the show Sam, can be seen getting totes emosh as she makes her speech to the 14 hopefuls.

"I can't express how much I appreciate you guys being here. It's really lovely," she

says, trying to hold back the tears. "I wasn't expecting to get emotional so soon."

And when we caught up with Sasha, he says he was shocked at how girlie and shy Sam got around him.

"When I saw her getting upset, I just wanted to give her a hug," he says.

"It did actually upset her quite a bit when she talked about Blake. She's bouncing back though and she's so funny and full of energy."

Aww, he sounds like a keeper...

## BACHELORETTE SHOCKS!

Will's got a ripped rig! He might seem like a skinny muso type, but look at that sixpack he's rocking!

Footballer Michael's been cosying up to *Bachelor* star Emily and we hate to say it, they make a good-looking couple. Wonder what Sam has to say about this...

Dave the plumber and singer Samantha Jade have been hanging out. Er, random! "Beautiful day for a picnic with this legend," the cheeky lad captioned this very friendly shot.

*The Bachelorette* premieres Wednesday 7.30pm on Ten

Calvin is prepared to walk if Taylor keeps putting her friends first

Calvin to Taylor

*Your squad*  
**OUR RO**

On stage or behind the scenes, Tay's girl gang is always there for her

### SCREW THE CREW?

Taylor is so used to having her #squad around, Calvin's ultimatum to ditch them or lose him has left her in quite a pickle. "She worries she could end up single and heartbroken... with no friends left to turn to," says an insider.

# Calvin is wrecking ROMANCE!

The fed-up DJ is done taking a back seat to his girlfriend's besties

She's rarely seen in public without her famous girl squad, but Taylor Swift's insistence on

putting sisters before misters is starting to take its toll on her relationship with Calvin Harris.

Indeed, not only has the singer openly admitted she's in constant contact with her close-knit crew, but she's even renovated a wing of her New York penthouse to include a spa, "sleepover station" and home cinema to accommodate her gaggle of gal pals.

And 31-year-old Calvin ain't happy! The Scottish DJ is so sick and tired of playing second

fiddle to the likes of Gigi Hadid, Selena Gomez and Karlie Kloss that he's threatening to pull the pin on their seven-month romance if Tay doesn't start prioritising him!

"Calvin has become increasingly frustrated by Taylor constantly putting her friends before him," says an insider.

"He feels like he's in a relationship with the whole gang. He wants to make it work with Taylor, but he's made it clear that something needs to change."

With a string of failed relationships in her wake, unlucky-in-love Taylor is desperate to keep her man,

but her no-nonsense squad have been less than sympathetic about Calvin's demands – and they've instructed Tay to make some major adjustments to her love life, stat!

"Her girlfriends are telling her that if he can't understand the importance of her friendships, then she should be the one to dump him," says the insider. "Taylor isn't sure if her pals might be a little jealous and not have her best interests at heart. She's trying to strike a balance, but she feels constantly torn."

Still, despite being the one pointing the finger, Cal isn't exactly playing perfect boyfriend!

Not only was he recently seen leaving an LA massage parlour

known for its, um, happy endings, but his controlling ways are getting worse – and Tay's patience is wearing thin.

As we recently reported, jealous Calvin chaperoned the singer to her *Wildest Dreams* music video shoot in Africa to make sure she didn't enjoy kissing her hunky co-star Scott Eastwood too much.

What's more, his penchant for online feuds – he's butted heads with Zayn Malik and Avril Lavigne in recent months – means he's becoming more unpredictable by the day.

Maybe Cal should take a good, long look in the mirror before demanding any more compromises from his girl! ■

## WOW – HILS GOT RIPPED!

Holy abdominals! Hilary Duff, 27, unveiled a fierce new physique on a trip to Hawaii – and her ab-fab bod isn't down to a gruelling diet! "I'd rather have someone pull my fingernails off than hunker down and go on an actual diet," she says. Instead, Hils swears by "real-life exercise", such as carrying her three-year-old son Luca and working out three times a week. "I do this thing with a sledgehammer where I swing it and hit a rubber block, and it gets out all of my aggressions," she says.

'I love my wine, but when I'm really trying to lose weight, that's got to go,' says Hilary

**T**hey didn't have more than an inch to pinch to begin with, but these celebs have dropped some serious

kilos – and in record time, too!

Lady Gaga and Lara Bingle are just two A-listers who've all but disappeared before our very eyes.

But while some stars have worked hard for their buff bods – hello, Hilary Duff! – others like Jaime King are having trouble keeping weight on.

Whether their shedding is down to genetics, gym time or ditching grub for grog, we've got the lowdown on how these famous faces got thin – fast!

## Return of the Bambi legs

### Jessica Hart

Is this a case of too many spin classes? One of our biggest model exports had onlookers fearing for her health when she stepped out in New York recently – not even her cute smile could detract from her spindly legs. "When I complain I need to lose weight, [my boyfriend Stavros Niarchos] is like, 'If anything you need to put it on!'" says the 28-year-old.

### Amanda Seyfried

She's always been naturally slim, but the 29-year-old's taking thin pins to a whole new level! Her slender stems looked in danger of buckling beneath her during an outing in New York, a sign the yoga fan needs to relax her training regimen. "I have to stay in shape," she laments. "It's f\*\*ked up and it's twisted, but I wouldn't get the roles otherwise."

## GAGA GOES FROM GLAM TO GAUNT

She once dubbed herself “curvy and proud”, but it appears that Lady Gaga is now eating her words – and very little else. Leaning on a friend for support, the once-voluptuous singer appeared drastically thin – and more than a little bit tipsy – during an appearance at New York Fashion Week. With her razor-sharp cheekbones and painfully jutting ribs, the 29-year-old singer – who’s battled bulimia and anorexia in the past – looked nothing like the softer silhouette she boasted in the Bahamas in June. And we hear her rail-thin frame is down to an unhealthy relationship with alcohol – ditching much-needed nutritious meals for booze, which she’s admitted to doing in the past. “I’m on the drunk diet,” Gaga once boasted. “I like to drink whiskey and stuff while I’m working. But the deal is I’ve got to work out every day, and I work out hung over if I’m hung over.”

## HOW LARA'S LOSING IT

She only welcomed son Rocket Zot six months ago, but Lara Bingle, 28, has already bid adieu to the baby weight – and then some! Stepping out in Sydney last week, Lara looked thinner than ever – gone were the bikini-babe curves that made her a star. So how has she done it? Seems mama has been hitting the gym with a vengeance lately. “She’s following her usual weight-loss regimen,” says our insider, which includes doing three to four yoga or Pilates classes a week.

## BULLIED FOR BEING BONY

She gave birth to her second child just two months ago, but while Jaime King, 36, has already snapped back into shape, she’s been branded “sick and unhealthy” by cruel online haters. “People have made comments about how I’m too thin and need to eat a sandwich,” she says. “But every woman’s body is different.” The actress – who has struggled with a thyroid imbalance in the past – stays healthy by hiking with her family. “When I am pushing the stroller and going on walks it’s like doing Pilates at the same time because you are really using your core and your arms,” she says.

## WILL SEL BREAK BROOKLYN'S HEART?

**H**e's had a crush on her for over a year – yep, even when he was with Chloe Moretz! – and now that Brooklyn Beckham's single again, he's begging Selena Gomez to put him out of his misery and date him!

But despite cosying up with the 16-year-old It-teen at New York Fashion Week, Selena, 23, is understandably concerned about the age difference.

However, Posh and Becks's boy isn't taking no for an answer.

**Sooo cute!**

Brooklyn and Sel were joined at the, er, shoulder. "She's such a flirt," says a pal.

## RIRI'S DANGEROUS NEW DUDE

You might think Rihanna would have sworn off bad boys for good after her disastrous relationship with Chris Brown, but it looks like the Bajan beauty is strolling merrily down that path once more. RiRi, 27, has gone and hooked up with controversial rapper Travis Scott – and friends are worried!

“Travis is a real player. He’s a known sleaze and has had several run-ins with the law already,” explains our source, adding that he’s got Rihanna totally fooled.

“The moment her back is turned, he’s all over every other girl.”

Worryingly, on top of his arrest last month for inciting crowds to rush the stage at Chicago’s Lollapalooza festival, Travis, 23, has a reputation for violence.

“He’s well known for starting fights at the drop of the hat,” adds our insider. Yikes!

# AD romance

These loved-up stars are headed for heartbreak!

“Brooklyn is so used to getting what he wants, it’s a very new experience for him to get turned down,” explains an insider.

“He managed to work out which hotel she was staying at during Fashion Week and he arranged for her room to be filled with flowers. He also had a bunch of stuff from his mum’s fashion line delivered to her as a surprise gift.”

But while Selena’s flattered and thinks Brooklyn is very handsome and sweet, she won’t consider dating him until he’s at least 21!

“Selena’s told him that in a few years’ time her feelings could change,” our source continues. “For now, though, she says she only sees him as a friend – and it’s breaking his heart.” ■

## OOPS, BRIT DID IT AGAIN!

Britney Spears hasn’t had the best track-record when it comes to choosing men. And now, after her break-up with Charlie Ebersol in June, she can add another bad boy to her list – serial womaniser Harry Morton. We hear that despite romantically wining and dining the 32-year-old singer, Pink Taco restaurant tycoon Harry is only ever after one thing – sex!

“He’s insatiable,” reveals an insider. And it seems the 34-year-old has a thing for vulnerable women, who tend to fall head-over-heels for him.

Not only was he dating Lindsay Lohan back in 2006 when she was hospitalised for “dehydration”, but Harry was also linked to Demi Moore after her 2012 stint in rehab.

“Britney’s so fragile, it could send her over the edge if she falls for his lines,” says the source.

Seen out in New York on September 12, Nori's getting more swag by the day – no wonder Sire is smitten!

## DOES NORTH HAVE A BOYFRIEND?

She's only two years old, but cutie-pie North West looks to have scored her very first suitor! 50 Cent's three-year-old son Sire has made his intentions clear by stepping out in a tee emblazoned with her adorable – and grumpy – image!

The 40-year-old rapper took to Instagram to post a pic of his son in his Nori get-up, with the caption, "My dad's crazy. He said I get all his money. So I can only date hot girls that have their own."

Good luck getting past protective papa Kanye, buddy!

## 2 COULD NICOLE AND JOEL BE ANY HAPPIER?

Well, they're at the happiest place on earth, so probs not!

Sure, there's been no shortage of whispers about the imminent demise of Nicole Richie, 33, and 36-year-old Joel Madden's relationship over the years, but each time a new rumour pops up, the couple surprise us by stepping out looking more loved-up than ever.

And that was certainly the case when the proud parents took their kids to Disneyland to celebrate son Sparrow's sixth birthday.

While Joel and Nicole were both sans wedding rings, the reunited couple looked downright relaxed

among the hordes of tourists – which, as any parent who's ever taken their children to an amusement park will know, is no mean feat.

## 3 DO BLAKE AND TAYLOR HAVE BAD BLOOD?

No, but for a moment there it could have gone either way!

A few of Tay's fans accused the actress of throwing shade on their idol when she instagrammed a L'Oréal ad showing Blake with a squad of famous females, joking that it looked like 25-year-old Tay's *Bad Blood* video.

But Blake quickly cleared the air, declaring her undying devotion.

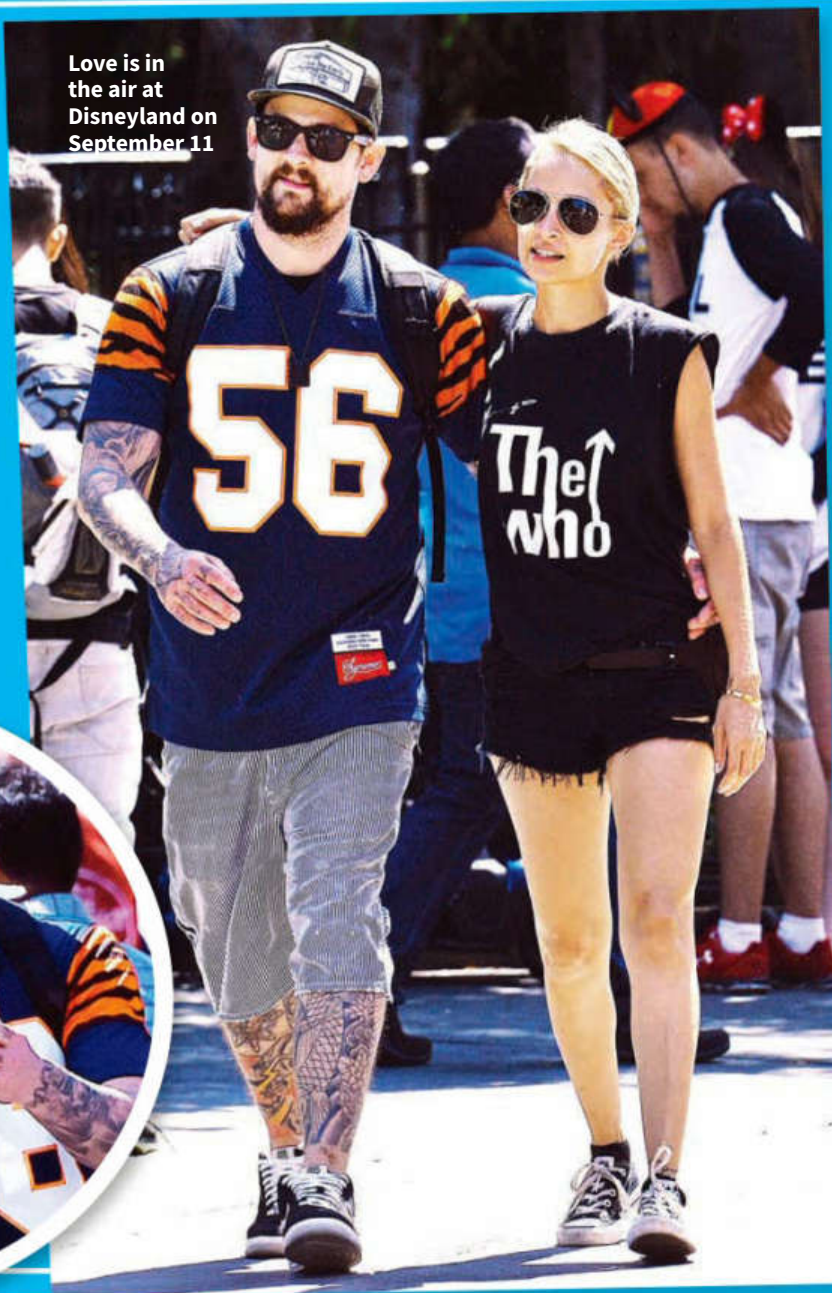

"Umm whoever thought I was throwin' shade clearly doesn't know I have a 'Taylor Swift Please Be My Wife' Voo Doo Doll

## 5 ARE MEGAN AND BRIAN BACK ON?

They announced plans to divorce last month, but in their first public outing together since then, Brian Austin Green and Megan Fox looked every bit the happy couple.

What's more, Brian, 42, was even wearing his wedding band! Could their marriage be back from the brink?

Well, stranger things have happened, but with Megan, 29, rocking no ring as they headed out for an LA breakfast date with their kids – three-year-old Noah and 19-month-old Bodhi – the word on the street is that the divorce is still on.

## HAS KESHA HAD A REFRESHER?

Holy Kylie Jenner – what a pout! It appears body-love cheerleader Kesha might have dabbled in a bit of plumping!

The 28-year-old – who’s been very vocal about the importance of a healthy body image since recovering from an eating disorder last year – looked super-fit when she passed through LAX recently, but we couldn’t help but notice that she seemed to be somewhat enhanced in the pout and bust department.

Curiously, back in May, Kesha said she’s ready to tone down her trademark glitter for a less-is-more “raw and real” look.

“I’m trying to embrace the skin I’m in,” the singer explained. “It’s difficult sometimes.”

## 7 IS ZAYN SEXTING LILY?

Zayn Malik is sending dirty pics in one direction – Lily Allen’s!

We’re told the 22-year-old is so smitten with 30-year-old mum-of-two Lily that he’s been sending her raunchy snaps in an attempt to win her over now that she and hubby-of-four-years Sam Cooper are said to be on the rocks!

“She’s flattered, but this puts her in an awkward situation,” says our insider. “She can’t move ahead without finally acknowledging the elephant in the room – her marriage. It’s time for Lily to tidy that up, and Zayn’s given her the perfect excuse.”

## 8 IS LINDSAY TOO BROKE FOR REHAB?

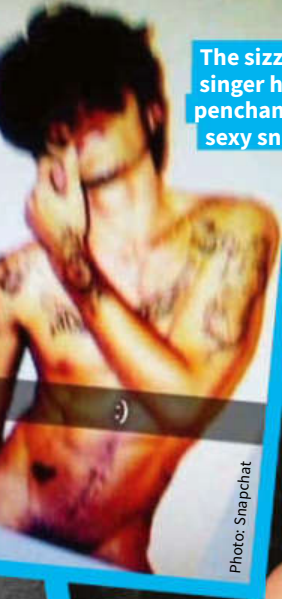

Appearing bloated and glassy-eyed outside a Mykonos nightclub, Lindsay Lohan’s showing no signs of wanting to climb back on the wagon!

What’s more, we hear the 29-year-old’s cut off most of her friends, changed her phone number and is in a toxic relationship with Italian businessman Mathia Milani.

Sadly, she’s also too poor to seek treatment for her alcoholism.

“People are sick of lending her money and not getting paid,” says our insider. “She’s desperate to fund more surgery, private jet travel and another trip to rehab, but there’s no-one to hit up.”

## 10 HOW DOES J-LAW TACKLE ONLINE BODY BULLIES?

Head-on, it seems! Jennifer Lawrence may be one of the most stunning celebs on the planet, but the 25-year-old Oscar winner admits she's searched "Jennifer Lawrence ugly" online to see what mean comments are being written about her!

And she says she copes with the criticism she stumbles across by imagining herself as being separate from her public persona.

"I find a certain peace by thinking of me in public as sort of an avatar self," says the star, who also reminds herself to be as Zen as possible. "You out there can have the avatar me. I can keep me."

## Khloe Kardashian

When the ultra-fit star was accused of getting butt implants, 31-year-old Khloe was quick to hit back on Twitter, writing, "I've always had an ass. I know its more fun 2believe its not real, kind of a compliment since I kill myself in the gym."

An avid exerciser who calls squats and lunges her "best friend", Khloe's even included her booty workout in her new app, yet she still can't shake the butt-lift rumours.

In fact, every time she posts a snap of her backside, sceptical followers bombard her with comments.

"Body by... Beverly Hills plastic surgeon," wrote one.

Louisa McKay, director of Costhetics (costhetics.com.au), believes KoKo has had a little help too, telling NW, "It certainly looks like she's had buttock implants."

Yup, bubble butts have never been so popular – or so big. And some celebs will do anything to secure their place among Hollywood's ever-growing tusherati.

While some have been injecting fat from their stomachs or thighs into their booties, others have had silicone implants. But by far the most popular procedure right now is the Brazilian butt lift, thought to be the Kardashians' go-to.

# HALL OF FAME

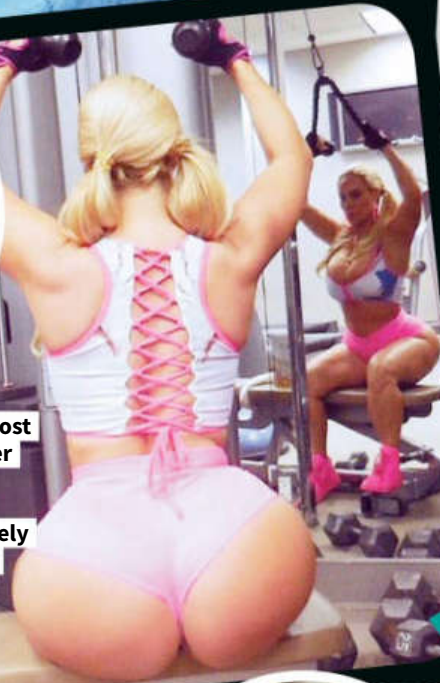

## AMBER ROSE

While it's hard to tell exactly what Amber, 31, has had done, Louisa cheekily says, "She looks as if she's done more than a few squats."

## COCO AUSTIN

With a butt almost as famous as her face, Ice-T's 36-year-old missus "definitely looks like she's had some assistance in the buttock department", notes Louisa.

## IGGY AZALEA

Aussie hottie Iggy, 25, may have had a Brazilian butt lift! "Iggy may well have had a fat transfer, where fat is taken from one area and placed in another," says Louisa.

The operation, which takes place with the patient under general anesthetic, sees fat cells removed from elsewhere on the body and injected into the booty.

And while the cost is usually around \$10,000, that's not the most painful part – patients are advised not to sit for three weeks and must sleep on their stomach or side for months. Ouch!

Still, Beverly Hills plastic surgeons Paul Nassif and Terry Dubrow from the reality series *Botched* are fans, simply saying, "It works!"

Yet before the Brazilian butt lift became a big deal – it saw a whopping 86 per cent increase in popularity in 2014 alone – implants were the way to go.

"If you don't have enough fat and you need a large volume of augmentation, then you should go with the silicone implant," advises Sydney specialist plastic surgeon Dr Laith Barnouti. "It gives you excellent shape and it's a long-lasting result."

But while this option's recommended for patients who don't have enough fat for the Brazilian butt lift, it's a tricky procedure that carries big risks.

Former Las Vegas stripper Renee Talley, 46, shocked the world with a video that showed how she could actually

flip her implants thanks to a botched operation in 2010.

Meanwhile, other butt-boosting options include liposuction around the waist and tummy to make the bottom appear bigger, or a bum lift that raises and tightens the skin.

Then there's non-surgical laser cellulite treatment, of which Khloe Kardashian is a fan. Or take a tip from Kylie Jenner, who's recently spruiked a butt-enhancement cream, saying she saw results after a month of "consistent use".

Whatever happened to eating candy to put more junk in your trunk?! ■

## BOTTOMS UP!

Ex-stripper Renee got a rude shock when she realised she could flip her implants upside down. She's since had them removed, albeit with considerable pain for a long time after.

# IT'S ALL ABOUT THE THIGH BROW

See you later, thigh gap – now it's all about the thighbrow! And the good news? You've probably already got it! The next time you're sitting, squatting or crouching, see if a crease appears where your thigh meets your hip. It kind of looks like an eyebrow, hence the name, but really it's just a naturally occurring skin fold. What luck! A trend that doesn't require hours in the gym – we'll take two!

## Lindsay Lohan

She may appear riddled with insecurities, but don't think for a second that LiLo's self-conscious about her pancake patootie – in fact, she's its "number-one fan!"

The 29-year-old regularly poses in photo shoots with her rear to the camera, proving to the world that even if you don't have it, you can certainly still flaunt it!

And when she hit the beaches of Mykonos recently, frolicking on the sand with friends and taking selfies, it was her small cheeks that took centre-stage.

LiLo's also no stranger to posting semi-clad pics of herself on social media, recently taking to Instagram to declare just how

much she celebrates her body.

"I love my waist just the way it is," she wrote.

"Love yourself and be kind and you shall succeed no matter what. Be strong inside."

The Real Housewife of New York has never been afraid of showing off her enviable figure – the former model stripped for a six-page spread in *Playboy* when she was 41! Now 47, Kelly enjoys pounding the pavement in Manhattan in hotpants – with her flat tush on full display!

## Tara Reid

Eleven years after two botched plastic surgery procedures left her feeling self-conscious in a bikini, Tara's finally feeling like herself again. The 39-year-old star is now back to showing off her bod – and her teeny-tiny tochus – in skimpy bikinis.

# Gaga's dark side

It's always sunny in Santa Monica – but it seems someone forgot to tell **Lady Gaga** that. The queen of quirk may be rocking a parasol, but it looks like she's dressed for much cooler climes. She's sticking out like a sore thumb while shooting scenes for *American Horror Story: Hotel* the locale's famous pier with a co-star cutie.

Because everyone needs a human drink and fan holder

You shouldn't talk to strange ladies, kid...

'You're pretty much Goth Barbie...'

'Well bless my parasol...'

'Hey lady, won't you get hot?'

'Not as long as you keep throwing me shade'

Well, at least she's sun safe

# The WEEK PICS

*'Let's try a conga line, guys!'*

Knox knows how to cut through a crowd

*'Why do I feel like I'm being smirked at?'*

Zahara wishes the limo driver would hurry up and get there

## Angie's little culture club

Forget endless days out at Disneyland — this famous family spends leisure time doing more cultured stuff like going to the theatre! **Angelina Jolie** has her hands full as she takes **Zahara**, 10, **Shiloh**, nine, and twins **Knox** and **Vivienne**, seven, to *Wicked* on London's West End. Phew, that's a whole lot of popcorn to buy...

*'I'm sure I had more kids than this'*

Shiloh ponders the musical's underlying moral messages

Who doesn't need a mid-show foot rub?

A late-entry intruder on *The Bachelor*?

## Rebel with applause

**Madonna** launches herself back onto the stage in dramatic style in Montreal, the first stop on her Rebel Heart Tour. Drawing on Cirque du Soleil, samurai, Chinese New Year, the movies *Grease* and *300*, and Catholic imagery, the show – which hits Australia in March – is already being hailed as a not-to-be-missed event. Still, all the costume changes could be confusing the 57-year-old. “I don’t really know who I am,” Madge, 57, said towards the end of the show. “But bitch, I’m Madonna.” We can’t argue with that!

# The WEEK PICS

'This guy's a bit too touchy-feely'

'You're talking about the snake, right?'

'Check out my feather boa constrictor'

'Snake it off, snake it off'

Crikey!

## Bindi's wild moves

Most *Dancing With The Stars* contestants are happy just sporting sequins on the dance floor, but not **Bindi Irwin**! The Wildlife Warrior charms an albino python while shooting a promo for the US show. We bet her *DWTS* partner **Derek Hough** is wondering what other surprises the 17-year-old has up – or around – her sleeve.

Derek wanted to do the mambo, not the mamba

Snakeskin accessories are big in LA

## Lord of the clings

Front row, centre is the place to be at this wet T-shirt competition, where **Orlando Bloom** is the lone contender. With a ripped rig like his, Orly would just blow other contestants out of the water, anyway! The British hunk gives beachgoers a view worth a million sunsets as he hits the surf in Malibu. But those daggy *Baywatch*-esque boardies need to go! So take them off now, please...

Crouching tiger, hidden salmon.

'A seat would come in handy'

# KENDALL KILLS IT

The leggiest Jenner struts her stuff!

## SNAPPY DRESSER!

Literally following in Karlie Kloss's leggy footsteps, Kendall was second down the runway at the Diane von Furstenberg show. Afterwards, Kenny, 19, hammed it up with the designer and ran around snapping selfies with everyone.

## ON THE FRONT LINE

She may not have been allowed in the front row for Kanye West's show, but Kendall got plenty of front-row love as she walked for Diane von Furstenberg - with the soundtrack provided by pal Bella Hadid's man The Weeknd!

Psst... You in the front row – wake up!

So-stylish-it-hurts Brooklyn Beckham stuck by mum Victoria's side throughout Fashion Week, but seems she didn't have the best time, with critics slamming her for using skinny models in the VB show. "There's overwhelming evidence that points to these images having a very negative and damaging effect," said Lorna Garner of UK eating disorder charity Beat.

Fashion's freshest faces Gigi and Bella Hadid may just be the most influential siblings since the Kardashian-Jenner girls - so it's no wonder they took New York Fashion Week by storm! ## LUCKY JOE

He sat next to Behati Prinsloo and her gorgeous gal pals, but Joe Jonas only had eyes for one model. The singer scored the best seat in the house to watch his girlfriend Gigi strut her stuff. And we bet he loved the view!

Joe and Gigi are joined at the, um, head...

## WHITE HOT

When Hailey Baldwin made her NYFW catwalk debut at the Tommy Hilfiger show, she had gorgeous gal pals Stella Maxwell (above left) and Bella (centre) on hand for support. ## Ceramic, tourmaline and ionic... WTF?

Want Jessica Alba-worthy shine and condition? Look for these heroes in your hair tools.

**CERAMIC** Aim for products with ceramic plates parts. Ceramic not only heats up more evenly, but seals cuticles while locking in moisture for a smoother finish and less damage to hair.

**IONIC** This relates to positive and negative charges coming from your heat tool. Negative ions break down positive water molecules in hair faster for a quicker blow-dry and less damage.

**TOURMALINE** This is a mineral that can be used as a coating or for parts within your tool to promote negative ions. That means a quicker blow-dry and encourages a shinier, smoother finish.

### TOP TIP

Locks lose shine when damaged, as coarse hair doesn't reflect light as well, so be sure to choose the right heat-styling tools.

## Brush breakdown

For luscious locks like Khloe Kardashian and Kylie Jenner, don't brush your hair too often. Aim for a minimum of three times a week and/or each time you wash for a healthy head and scalp.

**1 BLOW-DRY** If you want big body and root lift, blow-dry with a round brush. Taylor Madison by Brushworx Ceramic Radial Brush Boar Bristle **\$23.95** 1800 251 215

**2 SMOOTH** Flat brushes like this are best to smooth dry hair and brush out curls for wave styling. Brushworx Metallic Series Porcupine Cushion Brush **\$19.95** 1800 251 215

**3 EVERYDAY** Have this all-rounder on hand for general styles. Lady Jayne The Essentials Pastel Pink Styling Brush **\$5.99** Available at Priceline Pharmacy 1300 884 411

**4 TEASE** This little gem will tease better than a comb and also smooth flyaways for up-styles. Lady Jayne Teasing Brush **\$6.29** Available at Priceline Pharmacy 1300 884 411

**5 DETANGLE** This brush will change your life. Wet or dry, it glides through hair for a knot-free finish, fast. Tangle Teezer Original Plum Delicious **\$29.99** Available at Priceline Pharmacy 1300 884 411

# Super-smoky eyes

Say goodbye to subtle and hello to the smoke show

This new take on the smoky eye not only oozes sex appeal but breaks all the beauty rules by going stronger and heavier than ever.

Naming it one of the most striking looks this season,

Priceline Pharmacy's

Festival Of Beauty make-up director Rae Morris says it's also anti-ageing!

"The shape pulls the eyes up," she says. "It's the thing that makes this look – the key is to keep the shape under the eye very straight."

"Make sure you create the V shape with your eyes looking straight."

If you're feeling brave, go with rich blacks like Jessie and Rita, or try browns like Emily for a softer take.

## How Jesinta Campbell bikini

**M**ove over, Miranda – there's a new supermodel in town! Former Miss Universe Australia Jesinta Campbell's jaw-dropping David Jones debut last month has well and truly cemented her status as a runway star.

Sure, she's always rocked a svelte physique, but Sydney Swans star Buddy Franklin's fiancée has whittle herself some major muscular wow factor!

So how did she do it? Well, it turns out she spent the three months leading up to the show in full-on hot-body mode, training with

boxing champ Lauryn Eagle and watching her diet like a hawk. See what we did there?

But while her clean-living regimen is fab for inspiration, she stresses it won't be the same for everyone.

"My fit and healthy is not the same as someone else's," she says. "There is no ideal body shape – it's all up to the individual and whatever is healthy for the individual... That may look like a size eight or that may look like a size 16."

Hear, hear! But whether your goal is ripped abs or just a bit more tone, Jesinta's tips can help you...

### Barre fight

A combination of Barre Body and boxing had Jesinta fighting fit.

## Build, burn and lengthen

With nowhere to hide in those unforgiving swimsuits, Jesinta called in Aussie boxing champ Lauryn Eagle to put her through her paces. "She was a really good support for me in the three months leading up to it," says the Gold Coast beauty. As well as the muscle-toning cardio hit, Jesinta elongated her limbs by adding ballet-based Barre Body ([barrebody.com.au](http://barrebody.com.au)) classes to the mix.

She's also been in training for the Blackmores Sydney Running Festival that took place last weekend.

# Jesinta gets ready!

Tone up with her tummy-targeting tips

## Want to lose weight? First lose the booze!

For the 12 weeks before her DJs strut, Jesinta cut alcohol completely. While a couple of drinks are fine, there's something to be said for going grog-free when you're trying to slim down. Here's why...

- 1 Booze gives you a massive dose of kilojoules without any of the nutrition.
- 2 Studies have shown that when you drink booze, your body drops everything and focuses on processing the alcohol first – which means the carbs in your beer and the kilojoules in your food are often stored as fat.
- 3 Alcohol can mess with sleep patterns and a lack of quality sleep makes you ravenous!
- 4 Whether it's that night or the days after, you're less likely to eat clean after drinking.

Why not have a break from booze and raise money for a good cause at the same time by signing up for Ocsober? [ocsober.com.au](http://ocsober.com.au)

Photo: Damian Bennett / Bauer Syndication

## Beautifying bites

"I ate a lot of fresh vegetables and fruit, a lot of white fish and chicken, and a little bit of red meat," Jesinta says of her debloating diet. "I made sure I had a really good breakfast of avocados, steamed asparagus, spinach and a poached egg." The 24-year-old also reveals that omega-3 rich, inflammation-nixing meals like the one she posted on Instagram (right) – and no hangovers – really boosted her energy levels.

## Nicole Richie

# YOUR Stars

The week ahead with Adele Lang

## Virgo AUG 24 – SEPT 23

Heated discussions with people in positions of power are likely, thanks to intense solar activity in your chart right now. While your arguments will be logical, they won't help you get your way. Best you save your breath – and your job/house – for a better-starred week.

## Libra SEPT 24 – OCT 23

Too much rushing about has left you exhausted. Unfortunately, there's still a lot to be done, both at work and at home. Consider delegating less important chores, and pick and choose your social engagements. Rest should be at the top of your to-do list right now.

## Scorpio OCT 24 – NOV 22

Planetary patterns signal romantic woes for Scorps who don't reveal their true feelings. Long-term partners or new suitors aren't mind-readers – if you've got a problem with their behaviour or plans, speak up. Staying silent will just leave them feeling hurt and rejected.

## Sagittarius NOV 23 – DEC 21

Life might seem very unpredictable at present, but for a Sag like you, that should be viewed as a blessing, not a curse. Make the most of this uncertain time to redefine your future. You may find that current arrangements don't suit you that much, anyway.

## Capricorn DEC 22 – JAN 20

The Moon's making waves and it's up to you to keep things safe and calm. Someone is hiding a secret, but you playing amateur sleuth isn't going to help. Turn a blind eye to suspicious behaviour – all will be revealed in a few weeks, without you jumping to the wrong conclusions.

## Aquarius JAN 21 – FEB 19

Elderly relatives need your help and the planets urge you to be as available as you can in the next few days. Younger people in your life need to be made aware that it's not always all about them. This week, it's about helping older people who went to great lengths to help you.

## Pisces FEB 20 – MAR 20

A love affair could founder due to a third party – be it an overtly flirtatious work colleague or an overly controlling parent. Whatever the cause, it's up to you to manage. Unless you want out of a current relationship, you need to set boundaries and stick to them.

## Aries MAR 21 – APRIL 20

Lunar activity in your sign recommends you steer clear of risks this week. There'll be enough impulsive types in your midst without you causing drama, too. Be patient with loved ones – yes, they've created their problems, but you pointing that out won't help.

## Taurus APRIL 21 – MAY 21

Teamwork is key if you want to get ahead at work over the next seven days. Trying to do everything alone won't attract any more praise – and it might actually make you look like an attention-seeker. Collaborating with colleagues should lead to surprise bonuses – or possibly a promotion.

## Gemini MAY 22 – JUNE 21

Mercury might make you a bit of a drama queen this week, but your nearest and dearest won't be fazed. However, don't think they're being unsympathetic to your cause. It's just that the sight and sound of a Gemini in full diva ode is very funny indeed.

## Cancer JUNE 22 – JULY 23

The spotlight falls on your financial transactions this week. Whether you're doing the giving or the receiving, make sure payment deadlines are set out upfront. While everyone involved is well-meaning, a lack of communication could lead to a long-term falling-out.

## Leo JULY 24 – AUG 23

Lunar influences could put the dampeners on a project that's very close to your heart. Rather than throw in the towel, bide your time. A reluctant lover might be struck by an epiphany, or an employer could have a change of heart – but neither will happen if you push too hard.

# IS BIEBS ON THE HUNT FOR AN AUSSIE WIFE?

The former bad boy tells *NW* he's ready to settle down, get hitched and have babies!

**R**emember that time **Justin Bieber** was detained by police within an hour of arriving in Australia on the Believe Tour back in 2013? Of course you do! Whether Biebs himself remembers his antics Down Under, however, is another thing entirely.

"I don't know if I've been to Australia," he remarked a few months later.

But when the singer – who made a whirlwind trip to Sydney in June for the annual Hillsong conference – hits our shores again this week to plug his single *What Do You Mean?*, things will be different. Instead of looking for walls to graffiti,

**Selena Gomez's** ex – whose fourth studio album's due out in November – tells *NW* he's more interested in finding the woman of his dreams...

**Your life is so crazy – do you look forward to settling down?**

Of course I want to get married. I think everybody wants that deep down. Coming home to your wife, having your kids run down the driveway to meet you – I mean that's the dream, isn't it? After all the partying and stuff is over, I think every guy wants to become a great husband and father one day.

**Wow, it sounds like you're really growing up...** You know, I did make some mistakes last year. I was a little arrogant but that is a part

## SCHLOCK AND ROLE

She may be a pop superstar, but **Ariana Grande** ain't about to give up acting just yet! Between touring the world and dominating charts, the former Nickelodeon star's landed a recurring role in the amazing horror series *Scream Queens*!

Yep, the *Love Me Harder* singer plays vicious bombshell Chanel #2 alongside a stellar cast that also features **Emma Roberts, Lea Michele, Nick Jonas, Skyler Samuels** and **Abigail Breslin**.

In the opening ep, Wallace University's dean Cathy

Munsch (**Jamie Lee Curtis**) tells an elite sorority it must accept every girl who wants to join – no matter how pathetic. Cue a crazed killer dressed as the devil knocking off a new victim each episode...

You'll want to block out your diary for every terrifying instalment of this cult hit in the making!

**Scream Queens** premieres Wed 9pm on Ten, Episode Two airs Wed 10.30pm on Eleven

AN

of growing up and maturing. I admitted my mistakes and it was important to do that for my fans. **Zayn Malik seems to be acting a lot like you used to lately – what do you think of that?**

I get why Zayn wanted to leave One Direction and try new things and it looks like all the guys will be doing their own stuff come March. They can all have pretty great solo careers. Not just in music, but I'm sure once March comes around, everything from Hollywood to TV offers are going to be coming in for them. **What's Kanye West like in real life?** It was incredible working with Kanye on the new album. He's not just one of the most influential artists of his generation, but – for me – in history. Often when an artist is at the peak of their career, you don't realise what you have, but in years to come people will look at Kanye and say he was as influential and talented as the likes of Michael Jackson and the other greats.

**What Do You Mean?** out now. Listen out on The Hit Network radio stations for a chance to see Justin live in Melbourne on Sept 28. For the chance to see his Sydney show on Sept 30, tune in to KIIS 1065.

*The Intern* may be yet another fashion-focused flick for **Anne Hathaway**, but while she got walked all over in *The Devil Wears Prada*, things are very different here. In fact, when a 70-year-old retiree (**Robert De Niro**) gets the chance to be an intern, the pair become major besties.

# Alexander Skarsgard

# 'MIE & ALEXA' are chilled!

The sexy Swede opens up about his sleazy new role!

**A**lexander Skarsgard had our undivided attention from the moment he burst onto the scene in 2008 as the often shirtless and always sexy *True Blood* vamp Eric.

But in reality, the strong-browed 39-year-old has done his best to stay out of the spotlight as much as possible, although a keeping low profile isn't quite so easy now that he's dating 31-year-old megababe Alexa Chung!

With his latest movie *The Diary Of A Teenage Girl* – a leftfield coming of age flick about Minnie (**Bel Powley**), a 15-year-old girl so determined to lose her virginity

she seduces her mum's boyfriend (Skarsgard) – hitting cinemas this week, we sat down with the hunk to chat about fame, his fashionista lover, filming sex scenes and, er, biting fans...

**You and Alexa seem pretty smitten. How do you feel about having so much attention on your relationship?**

Kind of chilled, I guess. But I don't think too much about it. I don't google my name and I'm not on social media so I don't get all that. And when I'm not working, I try to stay private with friends and family.

**In *The Diary Of A Teenage Girl*, there are quite a few sex scenes. Are you comfortable with that aspect of being a movie star?**

If it makes sense to the storytelling, if it's a piece to the puzzle, then I don't think twice about it. It only feels awkward if it feels gratuitous, but if it feels real then it's organic. If you're excited about the scene and excited

about the story you're telling and you trust the people you're working with, you don't think about it.

**Did making this film lead you to reflect on your own teen years?** I've never been a teenage girl but I could definitely relate to the confusion. It's lonely going through those thoughts – you think you're a weirdo. It's quite nice to know

there are others going through the same thing. There were a lot of other weirdos out there.

**You were a weirdo growing up?** Yes, absolutely – there were definitely moments. It is f\*\*king weird being a teenager.

Weird physically and mentally – what's happening to your body, going from a child to an adult.

**Your father Stellan is also an actor.**

**What sort of advice has he given you?**

He always said, "Do it if you love it!" I was a child actor and quit when I was 13, but he never pushed me to keep going. I quit for eight years and I found my own way back, and that was definitely the best piece of advice he gave me.

**Do you still get *True Blood* fans coming up and asking you to bite them?** Yeah, they still ask me. It happens all the time, which is a little disconcerting.

**And do you ever do it?** If you do it once and that's online, then you're gonna be hounded for that every day by people who think you're up for it. I'm happy to take pictures but I'm not going to bite them!

The Block babe bares her bits again!

**H**oly sledgehammers! We all know *The Block* star Suzi Taylor isn't afraid to put her assets on show – after all, the 44-year-old was *Penthouse* Pet Of The Year in 1991.

And it looks like she's at it again, this time flashing her undercarriage to a shocked audience at the black-tie Fashion Aid Le Cirque Nocturne even in Melbourne.

Apparently lost in the moment, Suzi showed off her dirty-dancing skills before excitedly clambering on stage to get closer to singer Nathaniel Willemse.

But what started as sexy moves soon turned to sozzled ones, as Suzi lost her balance and grabbed

Nathaniel's arm in an attempt to stop herself falling, unveiling her vajayjay in the process!

As she headed for the deck, nearly taking Nathaniel down with her, the look on the *X Factor* alum's face was priceless! And while we somehow don't think Suzi will lose much sleep over her flash dance, it seems her kids – Bella, 11, Zac, 9, and Alex, 7 – are pretty unfazed by Mum's antics, too.

"We're all naked under our clothes!" Suzi told *NW* recently. "I pre-warned the kids about *Penthouse*. We have a very open relationship, but they've seen Mummy modelling for years so they're accustomed to seeing me in not many clothes."

## Heather & Kristen IN BETHENNY'S BURN BOOK

After breathing new life into *The Real Housewives Of New York City* for the show's seventh season, Bethenny Frankel is in negotiations to return next year.

But one of our fave crazies of all time has a few conditions before she gets her claws out – she wants Heather Thomson and Kristen Taekman booted off the show!

"When Bethenny was asked back for another season, she wrote a list of people she would film with," says a show insider, adding that Kristen and Heather weren't on it. "She feels she's above them and Bravo have honoured that list."

She was forced to take time out from filming *The Celebrity Apprentice* last month due to a mystery illness, but Gina Liano, 48, has finally given NW the full story behind her hospital dash.

"The girls all got a stomach bug. And because I have a history with abdominal surgery, things got a little more tricky for me," says the glamorous *Real Housewives Of Melbourne* star, who battled bowel cancer in 2003.

"Gabi Grecko was in hospital as well. We were all about 48 hours apart. I was in hospital on a drop for about four days. The schedule had to stop."

Still, you can't keep a woman like Gina off her heels for too long.

"I'm 100 per cent now," she says. Phew!

What we're  
buzzing about  
this week!

Serial cheat Spencer Matthews is one leopard who just can't change his spots! Having already slipped up once during his year-long relationship with Lauren Hutton, the *Made In Chelsea* star's been snapped swapping spit with another lady.

And, boy, does he look like he's enjoying himself!

Complete with passionate hair-grabbing, the lothario was busted sucking face with aspiring singer Emma Walsh while escorting her home from London's swanky Mahiki nightclub. The pair then spent the next 45 minutes deep in conversation and enjoyed yet another steamy snog before the 26-year-old reality star appeared to leave.

But it looks like word may have reached Lauren, who was seen looking furious as she took a phone call while

leaving Spencer's London pad the next morning.

Moments later, he arrived back at the pad in a cab, looking sheepishly at his phone.

"[Lauren] found out when she was told about the pictures of them kissing and is devastated," spills an insider

Not only that, but it seems she's also kicked Spencer and his womanising ways to the kerb, with a rep for Spencer confirming his single status two days after the public pash.

Some people never learn...

Lauren is said to be 'disgusted' with Spenny

## RHOM line-up revealed!

Good news for *RHOM* fans – the entire cast is coming back for Season Three! But that's not all – feisty stars Gamble Breaux, Janet Roach, Jackie Gillies, Lydia Schiavello, Gina Liano, Chyka Keebaugh and Pettifleur Berenger will be joined by a country gal-turned-Toorak socialite Susie McLean, who we're told embodies "traditional values".

"It's been full on," Gamble says of filming for the series, which airs early next year. "Everyone has their claws out, and there is a lot of tension."

Bring on the epic showdowns!

# BRANDI snaps!

Ask an honest question, get an honest answer from NW's straight-shooting agony aunt Brandi Glanville!

Dear Brandi,

*This is a common problem but I really thought it would never happen to me – my best friend is getting married and she's turned into a complete nightmare! She's treating me and the other two bridesmaids like slaves. She emails us at all hours and expects instant responses, changes her mind about every little thing and is super ungrateful. I'm starting to actually hate her. What should I do? Sarah, Vic*

"Welcome to life! The bridezilla stereotype exists for a reason. Be her friend and do your best to deal with her madness. Let her be a diva this one time, then when it's your turn you can bring all this up and tell her to deal with it! We all need our moment. #whiteparty #imeanwedding"

Hi Brandi!

*OK, so this might sound a bit shallow. I've met a great guy – he makes me laugh, he's intelligent, I think he wants to settle down soon, which is something I want too – but he's not very, ah, well endowed. Actually, I can barely feel him if you know what I mean. It's so frustrating! I'm a very sexual person and this would usually be a deal breaker for me, but I do really like him, so I'm confused about what to do. Emily, NSW*

"It doesn't sound shallow at all! Men ask us women for boob jobs and other surgery all the time. We birth their children, but still have to be perfect! So if this guy is really The One, why not ask him for a penile implant? If he really loves you, he will do it. Right, guys? Double standards much? Do it, do it, do it!"

*"I can't even look at it!"*

Laurina  
*I've met  
soulmate*

She's super glad the roses ran dry with Blake!

'I NEVER HAVE TO PLAY GAMES TO KEEP HIS ATTENTION'

'We became best friends and lovers at the same time,' she says

## The high-maintenance Bachelorette is crazy in love!

**W**ho could forget the stir Laurina Fleure caused on Season

Two of *The Bachelor*, right?

Not us! Her high-maintenance ways, no-holds-barred commentary and that "dirty street pie" moment made sure of that!

Plus, we've loved hearing what the stunning 31-year-old model and Pialia online boutique owner has had to say each week about this season's bevy of Bachelorettes.

Now, a year after she was overlooked by controversial Bachie Blake Garvey, we can exclusively reveal that *NW*'s resident *Bachelor* commentator has finally found The One!

So who's the brave man? Step forward, Lewis Romano – the handsome 28-year-old she met through mutual friends on holiday in Europe a few months ago.

And it was practically love at first sight, with Laurina and Lewis – a founding director of recruitment website SpotJobs.com – deciding pretty quickly they couldn't bear to be apart.

"We hadn't even touched each other, but we hatched a plan in about four minutes to run away together to Rome," Laurina tells us.

"I had a romance in Rome with a Romano!"

We caught up with the hot new couple on a secret Hamilton Island getaway

to chat all about their whirlwind romance, falling madly in love and their thoughts on marriage!

**Laurina's famed for her love of romance. What did you have to do to woo her, Lewis?**

**Lewis** Well, we met on the Amalfi Coast, so I had a bit of a helping hand there! We decided to go and spend four days together in one of the most romantic cities in the world shortly after we'd met, so I probably got points for that, too!

**Laurina** We were devastated we had to part ways. I was actually supposed to be going to a wedding and I knew it was rude to skip out on it, but we couldn't not be near each other. So we ran off

my  
e!

### YOU GAVE HER WHAT, LEWIS?!

Turns out it wasn't the pie that turned Laurina off, but the guy! "The 'dirty street pie' moment is one thing I'd heard about," spills Lewis. "So it was quite funny when we ate a pie this week on Hamilton Island together!"

to Rome and fell in love! I had major pash rash when I got home from Rome. It

was actually like I was missing half my chin!

**Sounds passionate! Were you obsessed with each other from the get-go?**

**Laurina** We were totally fascinated with each other. The first couple of days, I don't think either of us thought we'd be together romantically, but we were flirting and laughing and playing. We became best friends and lovers at the same time. He's so easygoing and he actually looks quite young, so I was teasing him the whole time that he looks 25 even though he's 28. [laughs]

**Lewis** I wanted to spend time with Laurina as soon as I saw her. I knew it was always going to happen! I knew it wasn't going to be forced by either of us, which is great.

**So no game-playing then?**

**Laurina** We've probably only had three nights apart in four months. I've had boyfriends

before who've said, "Come over at 6pm," and I've maybe waited until 6.45pm just to give them time to miss me a little. But Lewis always has open arms and I never feel like I have to play any games to keep his attention.

**Did going on *The Bachelor* change your ideas about love?**

**Laurina** I was a bit nonchalant and bitter about love before meeting Lewis – and *The Bachelor* definitely didn't help! I'd come to the point where I'd rather be me, be alone and happy than change who I am to make someone else happy.

**Looking back, you must be pretty glad you didn't wind up with Blake...**

**Laurina** Ending up with Blake would have been soul-destroying. He had a lot of ideas as to what a woman should be, and it's perfect that he ended up with Louise, because she is the cookie-cutter ideal of what a woman and wife should be.

**Do you keep in touch with anyone from *The Bachelor*?**

**Laurina** I see Chantal [Hryniewski] from time to time and chat to Sam [Frost].

**The next step?  
Shacking up!**

**How is Lewis different from men you've dated in the past?**

**Laurina** He's the total opposite of my exes. He dreams bigger for me than I do for myself, which is an amazing change from my exes, who'd never encourage my dreams or would make me change a million things about myself. **Aw, that's amazing! Lewis, what do your friends think of you dating Laurina?**

**Lewis** None of my friends watched the show, so they only know Laurina from the person they've met. She's got such a great aura and people really want to be around her. She's such a strong person that people's perception of her is based upon that.

**She was known for that strong personality on the show, too...**

**Lewis** Thankfully I haven't been on the receiving end of her fiery streak! But it's very impressive to see her interact with other people and see her be assertive.

**Do you think the two of you will get married and live happily ever after?**

**Lewis** I imagine we'll move in together soon. We spend a lot of time together, so that seems like the logical next step.

**Laurina** I've never been the sort of woman who's fantasied about her wedding day – I've never equated marriage with happiness. But I definitely feel like Lewis and I are soulmates. ■

**'HE DREAMS BIGGER FOR ME THAN I DO FOR MYSELF'**

## Laurina's top tips for nabbing Mr Right!

- 1 "Respect the process. Don't rush things. Even if they're trying to go full steam ahead, make sure to try to take it nice and slow."
- 2 "Be a lady. Present well, be a great host and don't divulge unnecessary details."
- 3 "Beware the blinding power of lust. Pursue a connection that nourishes your soul, not just your ego and loins!"

Yep, we see you!
